MX1 Stainless Steel

Batter Mixer Machine

- Simple to use, just switch on and add ingredients to vortex around the whisk. One minute later you have a perfectly smooth, even batter.
- Stainless steel construction ensures a hygienic, rust free machine requiring a minimum of maintenance.
- Designed specifically with batter mixing in mind, operating at one fixed speed, exactly the right speed for whisking.
- The above features combined with quality engineering ensure the **MX1** will remain in pristine condition after many years of reliable service.

Specification

Model	MX1
Motor	1/10HP
Voltage	240V / 50Hz / 0.6amp
Output	8 litres in one minute

Distributor

Manufactured in England
